## Services For You » Clinical Negligence

---

### Secure compensation following negligent medical treatment

When medical treatment falls below the standards patients are entitled to expect we offer specialist Solicitors who can guide you from day one through to the conclusion of your grievance.

We have a bank of independent experts who will speak out on your behalf when treatment has been sub-standard. These experts are keen to ensure the standards within the Health Service remain high ensuring public confidence.

You are invited to a free consultation. We will advise you of your options and work with you to achieve your aim.

If injured we can help you secure maximum compensation; we can represent you at an inquest into the death of a relative. We can try to secure an apology.

We offer all the methods of funding currently available; often at no financial cost to you.

Our Solicitors are members of either or both the Law Society and the AvMA (Action against Medical Accidents) Specialist Clinical negligence panels, the only true mark of a specialist.

We pride ourselves on offering a personal service, supporting you until we are no longer required.
